

Vibe ENTERTAINMENT

the Complete
ENTERTAINMENT
PACKAGE

ABOUT US

We love our entertainment company with a passion like no other. Vibe has a fantastic team of professionals dedicated to giving you the best entertainment package for your event.

You may have noticed we have been around a while and we are loved, trusted and recommended by some of the UK leading companies. We treat every event as a one off unique occasion. We are experienced enough to offer you great advice and services which seamlessly compliment each other from DJ's to dance floors with everything else in between to give your event the WoW factor.

With our new sleek modern look Vibe is the UK's leading entertainment company. With the owner & founder Mark Field driving forward new ideas & technology while raising the standards for others to follow. It's a one stop shop, bespoke service that offers you as much or as little as your event requires.

When asked what is the thing that you love about what you do

“

It's that connection we make with the people who have entrusted us to make their event amazing...but for me it's more than that. I love what I do and people allow me to be a big part of their celebration, to share in the emotion and have fun. Who wouldn't want to do that every time they go to work.

M Field

”

Vibe
ENTERTAINMENT

Congratulations to you and your partner on your engagement and forthcoming wedding. Now, the time has come for you to begin planning the biggest and best day of your life. We pride ourselves on our sleek modern look and passion for what we do. Our aim is to make sure that you get the wedding reception you always dreamt of.

DJ's

We love our little entertainment Company with a passion. We provide bespoke entertainment for your wedding day. Booking the DJ for your wedding can be a bit of a challenge. Let us take all the hassle out of a really important aspect of your big day. We believe our flexibility and talent for creating memorable nights are what we're loved for. There are no musical tastes we cannot cater for. Vibe pride ourselves on being different to the usual cheesy style of wedding DJ's.

We provide music that fits the tastes of you and your guests. Having fun with you and your guests is an essential part of your night. Vibe add all the personal touches to your wedding and we are in contact with you as much or as little as you need. We are always on hand to add advice and help with lighting, bespoke graphics and of course music. Getting to know your music tastes is so important as well as finding out what you don't like !

VIDEO DJ

This is just so cool we provide on top of our DJ service a great way to see your pictures of the big day. We take your pictures from family and friends cameras of your wedding and display them on big HD TV's for all your guests to see.

We then take pictures to add to the slideshow to give you a simply stunning effect that everybody will be talking about long after your wedding.

You of course get a copy of all the photos to keep and share.

We also add custom bespoke graphics for you on the TV's. These can also be projected on the walls and dance floor.

Vibes ENTERTAINMENT

THE PHOTO STUDIO

We have an amazing Photo studio that comes **FREE** with our Video DJ* option. We bring all the props, the fun and excitement. That means your guests can have some nice family pictures or some fun pictures with the wedding party. Most photo booths are small allowing only 2/3 people at a time and cost between £300 & £600 and the pictures are generally poor quality or out of focus and very small prints.

Let Vibe give you a brand new option of an open photo studio. Everybody can see and get involved in the fun. Big group pictures are so cool and all the pictures are displayed on our fantastic big TV's screens.

We also have an option to print off the pictures and give your guests a printed copy and you get a guest book album with a copy of the print in it and your guests messages. You get a choice of sizes options 6x4 or bigger 6x8. We will also give you a full copy of the images on a memory stick. ***there is an extra charge for printing.**

DANCE FLOOR

Hiring a dance floor is becoming more and more popular as many people want something fresh, modern and a bit different to make their event stand out. Ideally you want your guests to spend most of their time here, so why not encourage them to take a step in the right direction and choose from our selection of dance floors.

We provide a versatile selection of dance floors to bring any event to life. Dance floors are what bring people together and nothing draws a crowd like an illuminated LED Dance floor. They're the perfect centrepiece for your event. The most popular floor at the moment is our LED starlit floor which we offer a

beautiful white LED dancefloor, that add an extra dimension to your wedding and believe us they look amazing. Our LED dance floors are available in a multitude of sizes ranging from 10ft x 10ft to 16ft x 16ft. We can supply bigger floors if needed.

Vibes
ENTERTAINMENT

CONFETTI CANNONS

Create a spectacular explosion of colour at your Wedding with a confetti cannon and give your guests an experience they'll never forget! During the first dance or later in the evening as a finale this effect is amazing and truly breathtaking. We offer a choice of colours to match your colour palate.

Believe us when we say your guests will take home a fantastic memory (and some confetti) of this stunning effect. The confetti cannon or cannons will shoot confetti at your chosen moment for an unforgettable experience that everyone will love.

This is an amazing effect that will give your first dance the impact it deserves. It can also be used at the moment of cutting the cake or for a dramatic entrance to your wedding reception.

DANCING ON CLOUDS

Make your wedding truly magical! Something your guests won't stop talking about, with our dancing in the clouds service, giving that fairy tale setting as you have your very special first dance. You will see how the dry ice cloud hugs the floor allowing you to dance in the clouds. The dry ice pellets that we use are made from food grade CO₂ liquid which is non-toxic and residue free. The low lying fog effect lasts for the duration of the first dance with a thick pillow of pure white cloud right at your feet. Dry ice does not just for have to be for the first dance, our wedding DJ can also use it at other times during your wedding day like walking up the aisle. It will look truly magical in the photos and video that you will look at many times and cherish for a lifetime.

Q. Will this stunning smoke effect set off fire alarms?

A. The clouds stay low on the ground and do not rise much above your knee. Dancing on the clouds uses dry ice and dissipates in a matter of seconds. There are some venues in that will not allow this beautiful effect as they do not understand and think its a smoke machine! It definitely is not a smoke machine! but before you go booking this with us it is probably best to confirm this will be OK with your chosen wedding venue.

The pictures speak for themselves! You cannot argue that dancing in the clouds is a truly magical and beautiful effect, This is a must have for your wedding.

LOVE LETTERS

They provide the most amazing visual prop for your wedding. Vibe Love Letters are different from all the ones you have seen. They use LEDs, which mean they are cool to touch. Vibe Love Letters are 4ft high and can change colour.

You can have them set to any colour you want to match the colour palette of your wedding.

White is always beautiful but you may want to change the scene a bit later when the celebrations really begin.

They can be set up on the day and are a fantastic photo opportunity for you and your guests.

SPARK FX

We believe a wedding or event is not complete without some special effects. It is becoming an essential part of the day. That one mind blowing moment when everything comes together. A room full of confetti, some dancing on clouds and now our new Spark FX fountains. They are a fantastic effect and great for first dances, a grand entrance or the perfect photo-shoot.

They are NOT fireworks and can be safely used indoors & do not get hot! Our Spark FX produces cold sparks meaning you have no danger of burns or fire damage. It's a new effect and we hope you love it as much as we do.

CATCH THE CONFETTI

More and more weddings are looking for ways to entertain their guests. Especially the time between your wedding breakfast and when the evening entertainment begins. Vibe has the perfect fun solution.

Our brand new

All of your guests have a chance to catch confetti in a bespoke machine that blows paper confetti for 30 seconds each time for your guests to catch. It's simple and fun. With cool LED lighting and sound. The guest with the most confetti wins. We have a leaderboard so you and your party can keep track of who is the leader. You can even give a small prize to the winner. It lasts for 2-3 hours depending on the amount of guests at your wedding.

VIBE 360

Let your guests capture some special memories in motion and inject some fun and excitement into your event with one of our Vibe 360 booths. You may have seen them on red carpet and VIP events and now you can have one at your event. Vibe 360 captivates your guests during and after your event, allowing all your guests to enjoy and relive the memories of your wedding or party well into the future.

Unlike the old traditional photo booths that capture a single image we give your guests a live 360 fun view in the form of a short video that they download to their mobile phone.

Let Vibe 360 capture every moment of fun and laughter and put that into slow motion or a boomerang clip. It's great fun and your guests get access to the clips instantly to use on all their social media. We even add in some fancy-dress props, some bubble guns or maybe some confetti.

VIBE PARTIES

It's what we do best. Will you keep it small and intimate or have an oversized bash? At the very least, music is a must for most parties. Everyone from your friends to your grandparents will have something to sing and dance to.

We come with the WOW factor included. Vibe go above and beyond to personalise events and do more than "just play music". We have earned our reputation by being reliable, easy to work with and experts in our industry.

WE DO KIDS PARTIES TOO!

We have an amazing party host with years of experience, who has a passion for entertaining children at parties. We cater for birthday parties, school discos and kids clubs. Not only do we play great music but we also play a whole range of party games to suit all ages.

The children will love our snow machine and bubble machine. Why not add a confetti blower for the big happy birthday song. Get in touch for more details.

VIBE SELFIE POST BOX

It's our latest "must have", Selfie Post Box that captures your guest images.

The Vibe Selfie Post Box will have your names on the welcome screen prompting your guests to take a selfie. The images will have your names and date on the bottom and your guests can instantly email or air drop them to their phones.

The Vibe Selfie Post Box will capture all images and we will email them to you after the hire.

Our Vibe Selfie Post Box is delivered to your Venue and includes everything you need. It's quick, easy, and fun!

It also comes with a secure combination lock on the rear door to keep your cards safe.

“ Thank you for the most amazing DJ set last night. Everyone said what an incredible night they had. It was perfect,

Nikki & Chris

“ What a fantastic night we had, thanks to Mark. He is simply the best!

We have not stopped talking about it right through Sunday, Monday and today about how excellent, professional and brilliant he was.

So from the bottom of my heart, thank you.

**Geraldine & Declan
Birthday Party**

“ We used Vibe for our wedding first dance Dancing on Clouds, Spark FX & Confetti Cannon. It was well worth the money. They arrived and set up on time. We couldn't fault them. We would recommend Vibe to anyone who wants that special moment.

Mr & Mrs Dunleavy

“ The best Sunday wedding ever! People haven't stopped talking about how amazing everything was. The music, the Spark FX and the all round entertainment. You made our day SO special and I got my Christmas snow wedding. The fact it came out of a machine makes no difference to us!

Thank you, thank you ten times over.

Lucy & Ben Stevens

“ We had Vibe for our wedding and just wow. What an amazing set up they have! We had the Video DJ, Dancing on Clouds, Spark FX and the Photo Studio.

It was all perfect from start to finish. I can't recommend them enough.

Thank you again.

Mr & Mrs Trevitt

“ We had Vibe Entertainment for our wedding last weekend and they were absolutely brilliant. We had the Video DJ, Photo Studio & Confetti Cannons and it was just perfect. Great music, great staff & lots of fun!

Would highly recommend
